Managed Care Insurance Contracts: Patients enrolled in managed care health plans are *required* to pay their co-pays and present valid referrals at the time of service. After insurance has paid for services, co-insurance amounts are due upon receipt of bill. Payment can be made via phone calls to the billing department with Visa or Master Card.

Acceptable Methods of Payment: Cash Visa Money Order Check Master Card

*A receipt will be provided to you for each payment made.

Billing: Any personal balance over 30 days old without current payments applied against it is considered an overdue balance resulting in delinquent status of the account.
